

Safer Internet Day 2024 Assembly

What do you think Safer
Internet Day might be about?

What do you think Safer Internet Day might be about?

Tuesday 6th February 2024

Gaming

Online videos or music

What's your favourite thing to do online?

Watch TV shows

Talk to friends

Find out information or do homework

Things online look very different now than they did a few years ago...

This year's theme is...

'Inspiring change?

**Making a difference, managing influence and navigating
change online**

What do YOU think about the internet?

How can we make it a better place and influence the way we all think,
feel and behave online?

What Is an Influencer?

An influencer shares things online. Lots of YouTubers, streamers or creators on social media apps could be thought of as influencers.

Influencers are people who use an online platform to influence the way people think, feel or act.

An influencer can use their power for good or use it to have a negative influence on people.

Positive Influencers:

- *Promote and raise money for a charity*
- *Raise awareness of an important issue*

Negative Influencers:

- *Do something dangerous*
- *Look a certain way*
- *Behave in a certain way*

Navigating change:

Some settings change on your game

A character online look different

A video you were watching change

Something pop up on your screen

Curious

Worried

Excited

Nervous

Scared

How can you stay safe even when things change online?

Talk to a trusted adult

Ask them before you download something new

Tell them about the things you see online, especially if you are worried or upset

Turn your device off, over, or pause it

Ask them to show you where the block and report buttons are, and for help using them

Getting Help

Who can you speak to at Firs Farm?

Class Teacher

Teaching Assistant

Mrs Husband

Mr Biss

Mrs Burridge

Mrs West

Mrs Ruddell

Mrs Nevin

Test your knowledge with the Safer Internet Quiz!

**Inspiring change?
Making a
difference,
managing
influence and
navigating
change online.**

TOP TIPS!

Inspire change by talking about what you do online with people you know

If you find something that you love doing on the internet, let your friends and family know! You can tell them about it and they might enjoy it too! If you come across something on the internet that worries or upsets you, tell a trusted adult and they can help you to block or report it if needed.

Make a difference by being kind online

It can be fun to play and chat with others online, but always think about how your actions and words can make others feel. Make sure to consider the feelings of others before you post and see if you can challenge yourself to make someone smile!

Manage influence by using different sources

When you are looking at things online, make sure you are looking at a range of sources, like different websites, videos and apps. This will help give you a balanced view and help you to recognise different people's opinions. If we compare different people's views, we can learn more and form our own ideas.

Navigate change by talking to an adult

Talk about who children can and cannot trust on the internet.

Change online can be great if there's new games or videos you like to watch but it can sometimes feel worrying. If something has changed online and it is making you feel worried, upset or confused, tell a trusted adult who will be able to help you make your online experience more positive!

Happy Safer Internet Day everyone!
