

Could Your Child be the Next STEM Leader?

This Autumn, Aveea brings bubbling reactions, mini-robots and design innovation to your child’s classroom.

We will spark their imagination - and build real-world skills that last a lifetime.

The Aveea Experience

Global Sparks, Local Impact

From Egyptian Ink to Rolling Robots, Aveea workshops take inspiration from global breakthroughs - and bring them to life in your child’s hands.

A Glimpse of Next Term’s Adventures

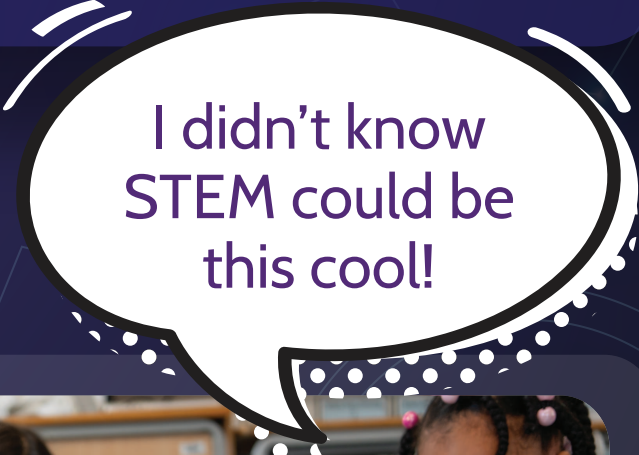

Making Ink

Make your own ink with the chemistry of the ancients.

Sphero Robotics

Code it. Command it. Race it. Master the code and discover the joy of real-world programming.

Join us in September!

Firs Farm Primary School
